

**Girish Mathrubootham**  
**CEO, Freshdesk**

Girish founded Freshdesk in 2010 with the objective of building the best customer support platform in the cloud. Very passionate about customer service, usability and making products that give the biggest bang for the buck, Girish has easily been the Product Manager with the happiest set of customers. He has over 13 years of experience in making and marketing best-in-class enterprise IT management products.

Prior to Freshdesk, Girish was Vice-President of Product Management at ZOHO Corporation and was responsible for setting worldwide product strategy and overseeing the product marketing and management organizations of the ManageEngine division at Zoho Corp. He was also Head of PreSales & Customer Support for ManageEngine. Girish holds an MBA from University of Madras and is an engineering graduate from Shanmugha Arts, Science, Technology and Research Academy.
