

Ravi Gururaj
Chairman & Co-Founder, Frictionless Ventures Pvt. Ltd.

Ravi Gururaj has over twenty four years of technology product development, management and marketing experience. He recently began transitioning back into an entrepreneurial role to build a global mobile product startup headquartered in Bangalore. At Citrix Ravi managed the Cloud Portal Business Manager product group, was a member of the global Citrix CTO Office, held responsibility for regional coordination of the Citrix Startup Accelerator Program and served on the Citrix India R&D engineering leadership team.

Ravi is Charter Member of the Bangalore Chapter of TiE, lead mentor at the Microsoft Azure Accelerator, Co-Founder & Co-Chair of Harvard Business School Alumni Angels India, a mentor to numerous startup founders across all stages, and is an active community member across a range of industry and community forums and associations.

Ravi joined NASDAQ-listed Citrix in 2010 through the acquisition of VMLogix, a Bain Capital backed cloud computing product company which he founded in 2004. Prior to VMLogix, Ravi has held senior roles at Trilogy Inc., UberWorks Inc., Dialogic Corporation and was founder of Indus Software Products Pvt Ltd. Ravi is an alumnus from Harvard Business School and University of Pennsylvania.
